An interesting photo came to light recently in connection with the old Windsor Castle, showing one of the lifeboats being towed back to the ship after rowing in the Southampton Town Regatta in 1935. The cox standing in the background was the late Mr. F. Allen, who was well known as Shore Bo'sun at Southampton for many years, and fourth from the left is Mr. Tom Dear who is now Shore Gang Charge-Hand at Southampton

The Smallest and the Largest

The Roslin Castle passing the Edinburgh Castle, Winchester Castle and Windsor Castle at Southampton in August

Snap at Southampton

Some interesting souvenirs of the past came to light recently when Mr. Charles Hendry, of the Passenger Department, was presented with two complete packs of playing cards, issued by the old Union Steamship Company and the Union-Castle Line (Donald Currie & Co., Managers). Their date of origin is uncertain, but they belonged to the late Mr. C. R. Tonge, Chief Engineer of the Balmoral Castle until his retirement in 1931. His widow has recently died and the cards were found at the bottom of a cupboard by his son when going through the family's papers. Mr. Tonge, senior, joined the Union Company just before the amalgamation with the Castle Company.
