

News from the *Clan Macintyre*—at Mombasa in May:—
New swimming pool at Dar es Salaam
Mission

The Missions to Seamen at Dar es Salaam are building a swimming pool in the Mission grounds. They have raised much of the cost locally but are appealing to ships to help.

The *Clan Macintyre's* donation, combined with that of the *Mormacrio* which was received at the same time, took the ships' contributions past the first £1,000.

The Padre, Rev. J. R. Taylor, had a photograph taken of Captain J. Browne of *Clan Macintyre* and the crew's Union Delegate of *Mormacrio* handing over their respective ship's donations. This was later published in the *Tanganyika Standard*.

Ships' donations have averaged over ten pounds per ship and the first donation came spontaneously from *Clan Grant* before the appeal to ships was launched.

Another "First" Time

Five "Clan" ships were in Kilindini port on 17th May. They were the *Clan Brodie*, *Clan Macgillivray* and *Clan Macgowan*, discharging from British ports, and the *Clan Macintyre* and *Clan Mactavish*, loading for Britain.

This is believed to be the first occasion when five "Clans" have been in Mombasa at the same time.
