THE BRITISH SHIP ADOPTION SOCIETY

We have been pleased to hear from Junior 2nd Engineer E. J. Hetherington that children from the Edgar Stammers Junior School were able to visit the *Clan Macnab* while the ship was at Vittoria Dock, Birkenhead, recently. The party was divided into small groups which were shown round the Bridge and Engine Room, and the work of the ship in the holds and cargo loading was also explained to them. One boy said his father had previously taken a crate of cargo to that very ship!

The visit was a great success with expressions of enthusiasm, bewilderment and surprise being reflected on all faces. Mr. Hetherington adds that the comments were largely "oohs!" and "ahs!" but he feels that "smashing!" was not meant literally!

Thanks to all concerned in arranging this function.

STOP PRESS

We record with regret the passing of Mr. G. H. Procter, Chief Engineer, *Stirlingshire*, at sea on the night of 14th/15th September; the death of Captain A. E. F. Payne, Master of the *Tintagel Castle*, on the evening of 27th September; the passing of Captain F. A. G. Hunter, Union-Castle Cargo Superintendent, Southampton, on 28th September, whilst on holiday in France.
