Rest, Relax and Recuperate —By Sea

Another nautical cat to achieve fame in print is "Shan," the Siamese. For one journalist, writing in the *Newcastle Journal*, who enjoyed pre-dinner cocktails with Captain R.A.D. Cambridge, the recollection of "Shan" stretched out on the Captain's carpet, "languid and replete after her diet of prawns filched from the savouries and invalid meat extract straight from the jar," recalls more adequately than the usual ad. depicting a golden blonde stretched beside a deck swimming pool, the fact that "travel by sea enables one to relax in good surroundings."
