Castle Holidays offer staff concession rates

Castle Holidays, the B&C group tour operating company, is offering staff concession rates for travel on its summer 1971 programme. The holidays include jet flights from London, Manchester or Belfast to a number of Mediterranean resorts.

B&C staff will qualify on a service basis (as for the *Reina del Mar* cruise concessions). They and their dependents may take only one Castle concession holiday in a year.

London staff will be able to make applications through the staff administration department at Greenly House, while those in other locations should apply through their local management. Castle Holidays will allocate available accommodation in the order of receipt of applications. Castle will invoice staff direct, and direct settlement will normally be expected six weeks before departure.

Staff concession rates range from a maximum discount of 40 per cent off the selling price of off-season holidays (April and November), down to a minimum of 15 per cent off high-season departures (July and August). Castle Holidays, announcing the concessions, warned that in the peak months there would be "very little choice".

No, sorry, the girl does not go with the holiday. Castle Holidays, now with very little of the '71 programme left to sell, cheerfully sent us this picture of their first IT customer for the season. She is Pat Edden, of Sandgate Drive, Davyhulme, Urmston, Lancs., and she has booked for 15 days in Tenerife.
